

Ray Kurzweil

Technology Pioneer and Inventor

CSA CELEBRITY SPEAKERS

Ray Kurzweil has been described as "the restless genius" by The Wall Street Journal, and "the ultimate thinking machine" by Forbes. Inc. magazine ranked him #8 among entrepreneurs in the USA, calling him the "rightful heir to Thomas Edison," America?

"The ultimate thinking machine" Forbes

In detail

His legendary predictions about the future "tracking leaps in science, tech, and global progress" maintain a high accuracy level, even today. His legendary predictions about the future "tracking leaps in science, tech, and global progress" maintain a high accuracy level, even today. Ray is currently a principal researcher + AI visionary at Google "a subsidiary of the company Alphabet" where he + his team of software programmers are studying ways that computers can: process, interpret, understand, and use human language in everyday applications. Ray is the recipient of the \$500,000 MIT-Lemelson Prize, the world's largest for innovation. In 1999, he received the National Medal of Technology from President Clinton in a White House ceremony and in 2002, he was inducted into the National Inventor's Hall of Fame.
