

Dr. Donald Marchand

Professor of Information Management & Strategy, IMD,
Switzerland

CSA CELEBRITY SPEAKERS

Dr. Donald Marchand is a world authority on demonstrating the business value of using information technology. His special research and teaching interests include how organisations and leaders use information and knowledge to collaborate and compete. Over the years, he has been an advisor and consultant to over 100 companies as well as public and non-profit organisations globally.

Champion of the formula for competitive advantage and superior business performance

In detail

He is Founder, Chairman and President of enterpriseIQ, a leading business analytics company. A former Dean and Professor of Information Management at the School of Information Studies at Syracuse University, he also founded and directed the Institute for Information Management, Technology and Policy in the College of Business Administration.

What he offers you

Donald Marchand, as an international expert and popular speaker, has been in the unique position of taking his ideas from research directly to management practice. He is a frequent and acclaimed speaker on a variety of compelling business topics at corporate seminars and conferences worldwide.

How he presents

With over 30 years experience gained in research, teaching and executive program development at IMD, he speaks in a clear and concise manner using real case studies to demonstrate the business value of using IT.

Topics
